

Barley variety release by NARIS partner institutions from germplasm under development originated from ICARDA

Miguel Sanchez Garcia¹, Abdoul Aziz Niane¹, Zewdie Bishaw¹, Verma Ramesh Pal Singh²

¹ International Center for Agricultural Research in the Dry Areas (ICARDA)

² Indian Council of Agricultural Research (ICAR)

ICARDA has the CGIAR global mandate to breed barley varieties for the developing World. As such, more than 250 spring and winter 2-row, 6-row and naked barley varieties of ICARDA origin have been released in 46 countries, 51 of them in the last 10 years. Besides direct releases, the impact of ICARDA germplasm in both developed and the developing World's breeding programs is well-known and therefore the benefits of the program for farmers worldwide are beyond doubt. During the CRP phase up to 25 new varieties issued from germplasm under development originated from ICARDA have been released.

Variety	Country	Year of Release
Woleshe	ETHIOPIA	2021
Guldeste	TURKEY	2020
Ay	TURKEY	2020
PL891	INDIA	2019
Ramthal	JORDAN	2019
Ghweir1	JORDAN	2019
Adoshe	ETHIOPIA	2018
Moata	ETHIOPIA	2018
VLB 130	INDIA	2018
Behdan	IRAN	2018
Mahtab	IRAN	2018
Norooz	IRAN	2018
Dara	TURKEY	2018
