

STATE AGRARIAN UNIVERSITY OF MOLDOVA

www.uasm.md

State Agrarian University of Moldova was founded in 1933 and it is the oldest and unique agricultural university in the country

During its foundation, SAUM has made a particularly valuable contribution to the economic, social, political and cultural treasure of the society.

In October, 2013,
State Agrarian University of Moldova was
conferred the highest state distinction
"The Order of the Republic"

Among the SAUM graduates there can be mentioned a number of personalities such as: presidents of the country, prime ministers, members of Parliament, ambassadors, etc.

Mircea SNEGUR
President of RM

Igor DODON
President of RM

During its existence SAUM was also a spiritual center of agriculture. The academic staff developed a broad experience in propagating the results of scientific researches and new technologies among farmers.

SAUM has implemented and maintains a Quality Management System that meets the requirements of ISO 2011-11-19 Standard.

SAUM is the first university in the RM that became the member of the European University Association, the associate member of AUF, maintains relations of cooperation with universities and research institutes around the world based on more than 80 agreements and being totally open to international cooperation.

6 projects within Erasmus+ programs are implementing currently at SAUM

Erasmus+

Jean Monnet Modules

Co-funded by the
Erasmus+ Programme
of the European Union

Erasmus+

At present, within SAUM, more than 3000 undergraduate students and master's degree students attend full-time and– part-time studies at 22 specialties and 24 specializations.

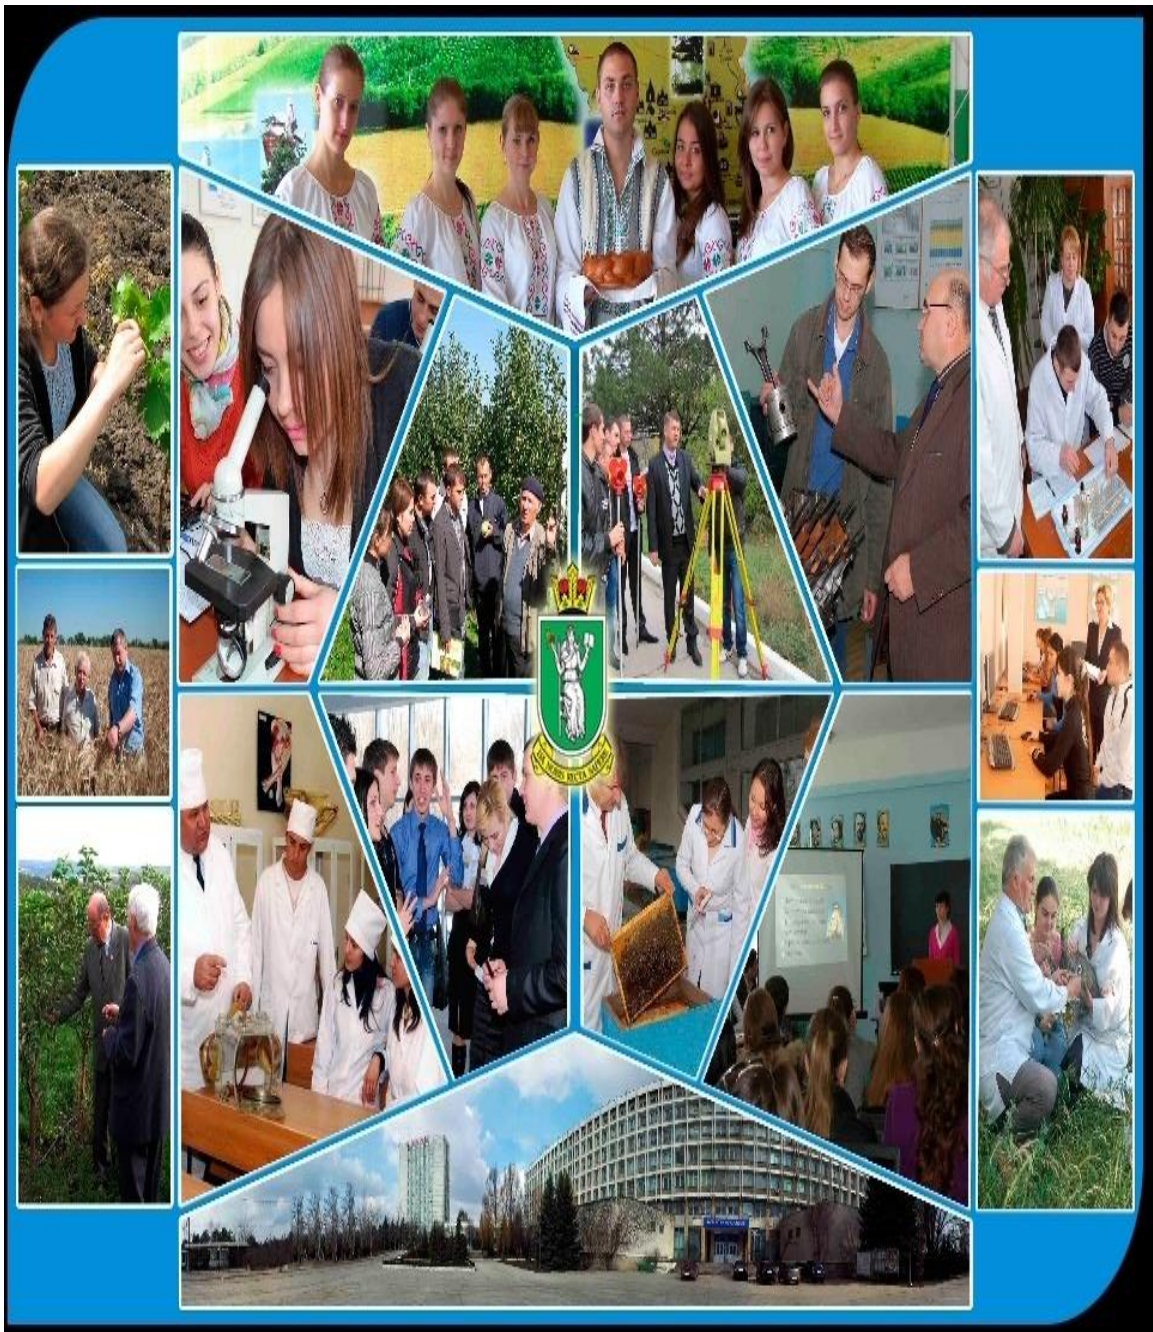

One of the most important SAUM features is represented by its tendency for modernization and integration in the European higher education and research system.

SAUM is the first HEI of Moldova that has enforced the Bologna Process

Primul workshop regional AGORA pentru țările din Europa de Est

În perioada 3-4 octombrie 2019, Biblioteca Republicană Științifică Agricolă a Universității Agrare de Stat din Moldova, în parteneriat cu **Organizația Națiunilor Unite pentru Alimentație și Agricultură (FAO)**, au organizat primul workshop regional "Access to Global Online Research in Agriculture (AGORA)". Scopul atelierului a fost dezvoltarea capacităților și abilităților utilizatorilor pentru un acces eficient la programele AGORA și Research4Life și consolidarea legăturilor cu instituțiile-cheie din regiune pentru promovarea resurselor științifice și a bazelor de date gratuite sau low cost în domeniul alimentației și agriculturii.
