

Agro-biodiversity Assessment and Dietary Diversity Characterization.

Agricultural Biodiversity Assessment Questionnaire

Informed Consent

My name is [_____], and I am a researcher who together with my colleagues, are here to ask you a variety of questions on behalf of Bunda College, Ministry of Agriculture and Bioversity International. The institutions would like to know the current status of diversity of crops that you grow, eat and sell. All the information that we will obtain from this household will be confidential, but will be used to determine how Agriculture research and Development institutions can come in to implement intervention programme in Malawi.

Please tell me whether or not you understand I have explained, and if you would like us to proceed with the interview. **If Yes, proceed with the survey. If not, thank the respondent and go to the next household.**

Selection of interviewees: *This questionnaire will be applied together to the male head of household, and to the female that will be interviewed for the Dietary Diversity section. The selection criterion for that woman is as follows: (1) a mother in the household between 15-49 years old with a child aged between 6-59 months. In the case that there are several mothers with children of 6-59 months in the household, thus eligible, choose one of the mothers randomly. Similarly if the selected mother has more than one child in the target age group, chose one of them randomly. If no mother with a child in this age group is present in the household, chose the woman who customarily prepares the food in the household irrespective of age (see additional instructions for the dietary diversity section). Most of the questions about species refer to a specific season of reference (either the wet season 2013 or the dry season 2013/14).*

General Information

HHID.a) Household ID: _____

HHID.b)	Enumerator's name	
HHID.c)	Date of interview (dd/mm/yyyy)	
HHID.d)	Section	
HHID.e)	Traditional Authority	
HHID.f)	Village	
HHID.g)	Landscape position (upper/ medium/ lower)	
HHID.h)	Household ID (give sequential numbers)	
HHID.i)	Latitude (at least 7 digits)	
HHID.j)	Longitude (at least 7 digits)	
HHID.k)	Elevation (in meters)	

INF.ID. Information on respondent

INF.ID.a) HH head name		
INF.ID.b) HH head gender	1. M	2. F
INF.ID.c) HH head education (number of years of formal education completed)		

INF.ID.d) HH head age			
INF.ID.e) HH head marital status**	1. Single	2. Married	3. Widowed 4. Separated
INF.ID.f) HH head spouse status	1. In hh	2. absent	3. no spouse
INF.ID.g) Education of each spouse (number of years of formal education completed)			
INF.ID.h) Relation of respondents to HH head	<p>1. 1= Wife; 2=child; 3=Sister; 4=Niece/cousin ; 5=grand child; 6=Domestic worker; 66=others (indicate explicitly)</p>		
INF.ID.i) Number of spouse			

ABD.1. Annual plant species grown on the farm during the dry season 2013/14(include field crops only and home garden probe for cereals, roots, tubers, legumes, vegetables, oil crops, fruits, industrial crops (e.g. cotton) (add more sheets if necessary)

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.1.1. For how many years have you been growing this species in this season?							
ABD.1.2. Where it was grown during the dry season 2102/13	Farm=1, kitchen garden=2, other (specify)						
ABD.1.3. Under what water conditions was it grown?	Rainfed=1, tube-well irrigation=3, canal irrigation=4, other (specify)						
ABD.1.4. Did you plant the species alone or together with other species in the same field	Monocropping=1, intercropping=2						
ABD.1.5. What was the area planted to the species? (not applicable kitchen garden)	Units =ha If the species was monocropped put the area, if intercropped put the total area and the intercropping ratio for each species.						
ABD.1.6. What was the objective of producing it?	Self-consumption exclusively=1, selling exclusively=2, both self consumption and sale=3, other (specify)						
ABD.1.7. If consumed, what contribution does the species make to food consumed	Major=3;medium=2; minor=1, no contribution=0						
ABD.1.8. If sold, what contribution does the species make to income	Major=3;medium=2; minor=1, no contribution=0						
ABD.1.9. What parts of the plant are used (Mark all relevant ones)	Seed=1, leaf=2, stem/trunk=3, root=4, flowers=5, bark =6, fruit=7, branches=8 other (specify)						
ABD.1.10. What were the uses that you give to it? (Mark all relevant ones), if the answer is exclusively 1, go to question 16, otherwise continue	Food=1, fodder/animal feed=2, medicine=3, fuel=4, construction material=5; others (specify)						
ABD.1.11. How did you obtain the seed you planted in the dry season 2013/14?	Saved from own previous harvest=1, obtained outside the farm=2; if answer is 1 go to question 15						
ABD.1.12. If obtained outside the farm in the dry season 2012/13, from whom did you obtain it?	Family=1, neighbor=2, friend=3, public seed trader=4,private seed trader=5, local market=6, government emergency programme =7, NGO=8 other (specify)						

ABD.1.13. Place indicate the name of the place where you got the seed?	Name of the location (e.g. Bamako)						
ABD.1.14. If you obtained seed outside the farm, what transaction did you made?	Purchase=1, exchange of seed=2, barter for other goods=3, credit=4, gift=5, other (specify)						
ABD.1.15. How frequently do you renew the seed of this species?	Every year=1: every 2 years=2; every 3 years=3; never=4; other (Specify).						
ABD.1.16. Did you give/get seed to other farmer to be planted farm in the dry season 2012/13	No=0, yes=1 If yes go to 1.17						
ABD.1.17. Place indicate the name of the place where you gave/got the seed?	Name of the place						
ABD.1.18. How many varieties of this species did you plant in the dry season 2012/13	number						
ABD.1.19. How many of those varieties were local?	number						
ABD.1.20. How many of those varieties were "improved/hybrid? (local term)	number						
ABD.1.21. Would you want to get other varieties of this species (yes=1, no=0)	No=0, yes=1						
ABD.1.22. If yes, what types:	local=1, improved=2, both=3						
ABD.1.23. Who takes care of the species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.1.24. Who makes the decisions about the seed that was planted?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.1.25. Do you agree with this statement: "It is easy to get the seed of the variety I want when I need it"	5=strongly agree; 4= agree; 3=neutral; 2=disagree; 1=strongly disagree						
ABD.1.26. Do you agree with the statement "I am satisfied with the quality of the seed I plant"	5=strongly agree; 4= agree; 3=neutral; 2=disagree; 1=strongly disagree						
ABD.1.27. Who makes the decisions about the field management of this "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.1.28. Who makes the decisions about the consumption of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.1.29. Who makes the decisions about the marketing of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.1.30. Who makes the decisions about how to use the revenue from the sale of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						

ABD.2. Annual plant species grown on the farm during the main growing season 2013/14 (include field crops and home garden probe for cereals, roots, tubers, legumes, vegetables, oil crops, fruits, industrial crops (e.g. cotton) (add more sheets if necessary,)

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.2.1. For how many years have you been growing this species in this season?							
ABD.2.2. Where it was grown during the wet season 2013	Farm=1, kitchen garden=2, other (specify)						
ABD.2.3. Under what water conditions was grown?	Rainfed=1, tube-well irrigation=3, canal irrigation=4, other (specify)						
ABD.2.4. Did you plant the species alone or together with other species in the same field	Monocropping=1, intercropping=2						
ABD.2.5. What was the area planted to the species? (not applicable kitchen garden)	Units =ha If the species was monocropped put the area, if intercropped and only the total area is known repeat the total area for each species that was intercropped						
ABD.2.6. What was the objective of producing it?	Self-consumption exclusively=1, selling exclusively=2, both self consumption and sale=3, other (specify)						
ABD.2.7. If consumed, what contribution does the species make to food consumed	Major=3;medium=2; minor=1, no contribution=0						
ABD.2.8. If sold, what contribution does the species make to income	Major=3;medium=2; minor=1, no contribution=0						
ABD.2.9. What parts of the plant are used (Mark all relevant ones)	Seed=1, leaf=2, stem/trunk=3, root=4, flowers=5, bark =6, fruit=7, branches=8,other (specify)						
ABD.2.10. What were the uses that you give to it? (Mark all relevant ones), if the answer is exclusively 1, go to question 16, otherwise continue	Food=1, fodder/animal feed=2, medicine=3, fuel=4, construction material=5; others (specify)						
ABD.2.11. How did you obtain the seed you planted in the wet season 2013?	Saved from own previous harvest=1, obtained outside the farm=2 (if answer is 1, go to question 15)						
ABD.2.12. If obtained outside the farm in the wet season 2013, from who did you obtain it?	Family=1, neighbor=2, friend=3, public seed trader=4,private seed trader=5, local market=6, government emergency						

	programme =7, NGO=8 other (specify)						
ABD.2.13. Place indicate the name of the place where you got the seed?	Name of the location (e.g. Bamako)						
ABD.2.14. If you obtained seed outside the farm, what transaction did you made?	Purchase=1, exchange of seed=2, barter for other goods=3, credit=4, gift=5, other (specify)						
ABD.2.15. How frequently do you renew the seed of this species?	Every year=1: every 2 years=2; every 3 years=3; never=4; other (Specify).						
ABD.2.16. Did you give seed to other farmer to be planted farm in the wet season 2013	No=0, yes=1 If yes go to 2.17						
ABD.2.17. Place indicate the name of the place where you gave the seed?	Name of the place						
ABD.2.18. How many varieties of this species did you plant in the wet season 2013	number						
ABD.2.19. How many of those varieties were local?	number						
ABD.2.20. How many of those varieties were "improved/hybrid? (local term)	number						
ABD.2.21. Would you want to get other varieties of this species (yes=1, no=0)	No=0, yes=1						
ABD.2.22. If yes, what types:	local=1, improved=2, both=3						
ABD.2.23. Do you agree with this statement: "It is easy to get the seed of the variety I want when I need it"	5=strongly agree; 4= agree; 3=neutral; 2=disagree; 1=strongly disagree						
ABD.2.24. Do you agree with the statement "I am satisfied with the quality of the seed I plant"	5=strongly agree; 4= agree; 3=neutral; 2=disagree; 1=strongly disagree						
ABD.2.25. Who takes care of the species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.2.26. Who makes the decisions about the seed that was planted?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.2.27. Who makes the decisions about the field management of this "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.2.28. Who makes the decisions about the consumption of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.2.29. Who makes the decisions about the marketing of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.2.30. Who makes the decisions about how to use the revenue from the sale	Husband=1, wife=2, both=3, children=4, other (specify)						

of the "species"?							
-------------------	--	--	--	--	--	--	--

ABD.3. Perennial plant species (food—fruit, leaves, pods—and agro-forestry—fodder, fuel, house construction, industry, etc.) maintained during 2013 (add more sheets if necessary)

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.3.1. For how many years have you been growing this species?							
ABD.3.2. Where is it located?	Farm=1, kitchen garden=2, common lands=3, other (specify)						
ABD.3.3. Under what water conditions was grown?	Rainfed=1, tube-well irrigation=3, canal irrigation=4, other (specify)						
ABD.3.4. Did you harvest it at any time during 2013?	No=0, Yes=1						
ABD.3.5. What was the objective of harvesting it?	Self-consumption exclusively=1, selling exclusively=2, both self consumption and sale=3						
ABD.3.6. What parts do you use?	Seed=1, leaf=2, stem/trunk=3, root=4, flowers=5, bark =6, fruit=7, branches=8, other (specify)						
ABD.3.7. What products did you harvest/obtained from it?	Food=1, fodder/animal feed=2, medicine=3, fuel=4, construction material=5; others (specify)						
ABD.3.8. What was the number of trees? Or area for grasses							
ABD.3.9. How many varieties of this "species" did you plant last year?							
ABD.3.10. How many of those varieties are local?							
ABD.3.11. How many of those varieties are "improved? (local term)							
ABD.3.12. How did you obtain the original planting material?	Family=1, neighbor=2, friend=3, public seed trader=4,private seed trader=5, local market=6, government emergency programme =7, NGO=8 other (specify)						
ABD.3.13. What transaction did you make?	Purchase=1, exchange of seed=2, barter for other goods=3, credit=4, gift=5, other (specify)						
ABD.3.14. Did you give planting material to others in the last three years (2010-12)?	No=0, yes=1						

ABD.3.15. Who takes care of the species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.3.16. Who makes the decisions about the field management of this "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.3.17. Who makes the decisions about the harvesting of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.3.18. Who makes the decisions about the uses of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.3.19. Who makes the decisions about the sale for various products from species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.3.20. Who makes the decisions about how to use the revenue from the sale of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						

ABD.4. Wild or semi-wild species harvested from natural vegetation (add more sheets if necessary)

Please indicate which wild or semi-wild crops you collected and or marketed during the dry season of 2013/14

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.4.1. What was the objective of harvesting it?	Self-consumption exclusively=1, selling exclusively=2, both self consumption and sale=3						
ABD.4.2. What products did you harvest/obtained from it?	Food=1, fodder/animal feed=2, medicine=3, fuel=4, construction material=5; others (specify)						
ABD.4.3. What parts of the plant are harvested/used (Mark all relevant ones)	Seed=1, leaf=2, stem/trunk=3, root=4, flowers=5, bark =6, fruit=7, branches=8, other (specify)						
ABD.4.4. Who harvested it?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.4.5. Who makes the decisions about the use of the species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.4.6. If sold, who makes the decisions about how to use the revenue from the sale of the "species"	Husband=1, wife=2, both=3, children=4, other (specify)						

Please indicate which wild or semi-wild crops you collected and or marketed during the wet season of 2013

		Species	Species	Species	Species	Species	Species
Please write the name of species							

ABD.4.7. What was the objective of harvesting it?	Self-consumption exclusively=1, selling exclusively=2, both self consumption and sale=3						
ABD.4.8. What products did you harvest/obtained from it?	Food=1, fodder/animal feed=2, medicine=3, fuel=4, construction material=5; others (specify)						
ABD.4.9. What parts of the plant are harvested/used ABD.4.10. (Mark all relevant ones)	Seed=1, leaf=2, stem/trunk=3, root=4, flowers=5, bark =6, fruit=7, branches=8, other (specify)						
ABD.4.11. Who harvested it?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.4.12. Who makes the decisions about the use of the species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.4.13. If sold, who makes the decisions about how to use the revenue from the sale of the "species"	Husband=1, wife=2, both=3, children=4, other (specify)						

ABD.5. Domesticated animal species maintained by the household during the dry season of 2013-14(add more sheets if necessary)

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.5.1. For how many years have you been rearing this species?							
ABD.5.2. How many animals of this species do you own during the dry season							
ABD.5.3. What products do you derive from this species during the dry season	Milk=1, dung for fuel=2, dung as fertilizer=3, hides=4; others (specify)						
ABD.5.4. What were the objectives for the products derived from this species? (<i>This can be answered by product</i>)	Direct use by household=1, for sale=2; both=3, other=4 (specify)						
ABD.5.5. How many breeds of this species did you maintain during the dry season 2012/13?							
ABD.5.6. How many of these breeds are local?							
ABD.5.7. How many of these breeds are "improved"							
ABD.5.8. How many of these breeds are a mixture of local and "improved"							
ABD.5.9. How many of these breeds are a mixture							

of different local breeds?							
ABD.5.10. Did you purchase any during the dry season 2012/13?	No=0, Yes=1						
ABD.5.11. If yes, how many did you purchase during the dry season 2012/13							
ABD.5.12. Did you sell during the dry season 2012/13?	No=0, Yes=1						
ABD.5.13. If yes, how many did you sell during the dry season 2012/13?	Number						
ABD.5.14. To whom?	Fill in categories						
ABD.5.15. Place indicate the name of the place where you sold them	Name of the place						
ABD.5.16. Did you participate in animal fairs for buying/selling during the dry season 2012/13	No=0, Yes=1						
ABD.5.17. Who took care of the species during the dry season 2012/13?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.5.18. Who makes the decisions about the management of this "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.5.19. Who makes the decisions about the uses of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.5.20. Who makes the decisions about the sale for various products from species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.5.21. Who makes the decisions about how to use the revenue from the sale of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						

ABD.6. Wild and semi-wild animal species hunted and domesticated by the household throughout 2013(add more sheets if necessary)

		Species	Species	Species	Species	Species	Species
Please write the name of species							
ABD.6.1. For how many years have you been hunting this species?	Number of years						
ABD.6.2. How many animals of this species have you killed in 2013?							
ABD.6.3. What products do you derive from this species in 2013?	Trophy=1, hides/leather=2, bones=3, others =4(specify)						
ABD.6.4. What are the objectives for the products derived from this species?	Direct use by household=1, for sale=2; both=3, other=4 (specify)						

ABD.6.5. Did you purchase any animal in 2013?	No=0, Yes=1						
ABD.6.6. If yes, how many did you purchase in 2013?							
ABD.6.7. Did you sell in 2013?	No=0, Yes=1						
ABD.6.8. If yes, how many did you sell 2013?	number						
ABD.6.9. To whom?	Fill in categories						
ABD.6.10. Place indicate the name of the place where you sold them	number						
ABD.6.11. Who hunt this species in the household?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.6.12. Who makes the decisions about the uses of the "species"?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.6.13. Who makes the decisions about the sale for various products from species?	Husband=1, wife=2, both=3, children=4, other (specify)						
ABD.6.14. Is there any taboo about this species in the village	No=0, Yes=1						
ABD.6.15. If yes, please specify	Fill in categories						

SOECO.7. Socioeconomic data

SOECO.7.1. Family size

Please fill the number of members of the household by age and gender

age class	male	female	age classes	Male	female		Male	female
SOECO.7.1.1. 6 months			SOECO.7.1.2. 6months-59 months			SOECO.7.1.3.)5-6yrs
