The IFAD funded SKiM Knowledge Management Portal, is a beacon of publications, news, data and information coming from research for development organizations, academia, government bodies, national agricultural research systems and extensionists across the globe. The Portal is built to enhance the outreach of the scientific and organizational knowledge aggregated, fostering partnership building and information sharing across users and institutions, strengthening knowledge management and providing the basis for more advanced knowledge visualization (DSpace powered AREs).

I am delighted to inform you guys that I have been admitted to the **UM6P Innovation & Entrepreneurship Lab** Ambassador Program. I definitely enjoyed the first Ambassador workshop in community engagement and leadership with Dr. **Murat SARTAS (Ph.D.)**. Special thanks to **Bisan Abdulkader, Hanaa IMANI** and to my dear colleagues.

Monitoring, Evaluation & Learning (MEL) is an integrated and adaptable online platform for projects, activities and knowledge management, performance measurement, communication and dissemination of research findings. Its multifaceted and modular structure allows customization and remodelling to meet ever-changing demands. Given these qualities, MEL was adopted by the Partnership for Research and Innovation in the Mediterranean Area (PRIMA), joining three CGIAR CRPs and four Centers in the MEL Team.

In 2019, the Monitoring, Evaluation & Learning (MEL) platform has been chosen by the Partnership for Research and Innovation in the Mediterranean Area (PRIMA) to be implemented as Monitoring & Evaluation tool, innervating the extent and complexity of its interventions' framework. PRIMA is a joint programme undertaken by its 19 participating states aimed at creating a competitive environment for solutions development in Research &
