

Deliverable achievement report

**c02-a Presentation of results at
scientific conference**

31st December, 2023

Description of completion

The MountainHER project has been presented at several scientific conferences:

- 1- From Seed to Pasta IV Congress: The MountainHER project was presented to the scientific community during a keynote talk at this congress.
- 2- SIAM 2023 (International Agricultural Fair of Meknes, Morocco): A special event was organized by ICARDA and INRA at this fair, focusing on agroecology and its importance as a source of income for Moroccan women cooperatives, with a special focus on the activities of both MountainHER and MedWhealth projects.
- 3- Forum Origine, Diversity, et Territories: A virtual event was held by INRA in November 2023.
- 4- AISTEC (Italian Association of Science and Technology of Cereals): An event in Turin in June 2024 on the regenerative cereal supply chain was organized by AISTEC.
- 5- One CGIAR Executive Board: The project was presented as part of the International Science Forum.
- 6- African Congress on Conservation Agriculture: The project was presented at this congress in Morocco.
- 7- SIAM 2024: ICARDA and OXFAM organized a special dissemination event on rural women at this fair, aiming to create awareness about the situation of mountain rural women communities.

These presentations and events highlight the project's efforts to disseminate its findings and engage with the scientific community and stakeholders.
