

MS1 report

Project kick-off meeting

Summary description of achievement

A virtual event over two days (July 18th and 19th 2022) was held to bring together all partners of the MountainHER project and kick off the project.

A total of 10 presentations were delivered to provide an update in the agreed template for each of the seven WPs, two to introduce the basic of financial and data managements approaches, and a final one to establish the WP co-leads and to form the various project committees.

Justification of delay

No delay
