Approach:

Selection of issues:
1. Should have relevance for the project-SLM adoption
2. Should be of interest of all the countries
3. Good potential for co-learning and potential for rapid impact
Human Resource Issue

• We glad to have a farmer with us
• We had a lawyer
• A world Bank
• Researchers (2 soil scientists, 2 ecologists)

• But NO economist of policy analyst???
• This should be filled by all country teams after they return
