

Capacity Development

Field day report on: Farmer's field day on Multipurpose trees benefit and plantation

Date: 28 March 2018

Project title: SUSTAINABLE SILVOPASTORAL RESTORATION TO PROMOTE ECOSYSTEM SERVICES IN TUNISIA

Pilot site: Ouled Sbaihia (Zaghouan, Tunisia)

Source of funding: FAO – W3/Bilateral

BUS number: 200310

Starting date: 26 November 2017

Ending date: 31 March 2019

Project leader: Dr. Mounir Louhaichi

Main Partner : Direction Générale des Forêt (DGF) **Focal Point:** Mr. Jamel Kailene

Other national partner: Ministry of Agriculture (CRDA); ESAM, GDA Ouled Sbaihia, and INGREF.

Objective: The overall objective of the project is to build resilience of a silvopastoral production system through reduced climate change impact and increased resilience to environmental impacts and natural disasters. The project also targets strengthening the capacity of communities as well as building regional platforms for knowledge sharing and collaboration.

Target beneficiaries: Smallholder farmers, livestock keepers and extension agents

Activity mapped to CRP: CGIAR Research Program on Livestock

Lead Center: International Livestock Research Institute

Flagship: Livestock and Environment
